

DW 1100

DW 2100 AD

DW 3100 D

Most important features:

- 1 to 4 feed spaces, 1 to 3 drinking troughs, single and double sided
- Best results thanks to perfect water/feed ratio
- White inner surfaces for the best feed intake and hygiene
- 11mm highest quality, unbreakable plastic
- Trough manufactured from high quality type 304 stainless steel
- Stainless steel trough raised from the floor – to allow for more effective cleaning
- Ingenious anti-spill rim, prevents feed spilling
- Anti-spill rim closes completely inside the trough for optimal hygiene and no stuck ear tags
- Heavy weight feeder designed for long life

The VERBA Drowaco is an extremely robust dry feeder with integrated drinking troughs. The drinking troughs with Verba drinker nipples are completely separate from the feeder part. The water/feed ratio is perfectly optimized in this clever combination. Thanks to the special anti-spill rim on the trough, there's no spillage with Drowaco feeders.

Guarantee: 7 Years on construction- and material faults; drinking nipples 1 year on construction faults. Drinking nipples are only suited for water, not for additives.

Options: Mounting angles, stainless steel U-profiles, lid, stud plate for under the feeder
